"Do you enjoy these baptism posts? How wonderful this is to see! Would you like to see it happen at your congregation more often?"

Local churches are finally waking up to the reality that we are not putting enough emphasis on personal evangelism. Because most Christians don't feel they can share the gospel one-on-one with the lost, growing congregations understand that their members need to be trained. The Soul Winners Workshop provides some very effective training.

Testimonials:

- A. The Verde Valley Church of Christ in Arizona hosted this workshop last year and Tim Roth learned my "approach." Tim is a new Christian who had never led a soul to Christ, but since then, he's taught and baptized 38. Before the workshop, his congregation had about 20-25 on Sunday mornings and now they have over 55. In my neighborhood, the Lord blessed me to baptize 44 in 2023, and we average over 40 baptisms each year at the Southwest Church of Christ in Phoenix. ALL THE GLORY TO GOD!

HERE'S WHAT'S BEEN HAPPENING WITH OTHER CHURCHES...

- B. Brother Richard Oldham from the Lee Street Church of Christ in Midland, Texas, says they've been using my gospel-sharing approach and have had at least 19 baptisms since they had the workshop last year. Brother Richard met 4 souls for the first time at a fast-food restaurant last week, shared the gospel with them on the spot, and took them straight to the water to obey the gospel.
- C. The Parkway Church of Christ in Sacramento had the workshop just 2 months ago and they've had 7 obey the gospel. I used a lost young lady from the audience during the workshop at Parkway to demonstrate how I share the gospel and she (Tara) discovered she was lost and gave her life to Christ in real-time.
- D. Aaron Solis from Roby, Texas has baptized several, including Miguel (who Aaron has taught to win souls), and Miguel has baptized 3 souls himself. Brother Aaron also has a flourishing New Christians class and a weekly class to train more soul winners.
- E. At a Soul Winners Workshop I held at the Roeser Road Church of Christ in Phoenix, I chose Arlinda from the audience in a role-play and she found out she was lost and obeyed the gospel. Since the Roeser Road church hosted the workshop last year, they've had a baptism nearly every Sunday.

- F. Bill and Megan Clark (from Clarendon, Texas) have been to several of my workshops and, since learning "the approach", they have personally led 16 souls to Christ.
- G. The Soul Winners Workshop on July 20, 2024 in Kirksville, Missouri, was attended by a relatively small, but very enthusiastic group of about 25. We laughed and learned together, examining personal evangelism principles, seeing how Jesus connected with the lost, learning how to initiate a gospel sharing Bible study with others, and learning how to share the gospel one-on-one with our lost friends and family.

*Do you have friends and family that
you want to help go to heaven?*
